Who can get these payments?

People can apply for these payments whether in work or not. People may be eligible if they, or their partner, are the parent or full-time carer of a child and if they get tax credits or certain other benefits.

For Best Start Grant and Best Start Foods, people who are under 18 do not need to get any benefits to apply. People who are 18 or 19 also and do not get any benefits or payments can still apply for Best Start Grant or Best Start Foods if their parent or carer is getting certain benefits.

What evidence will be required?

Most people will be able to apply without sending any evidence. This is because we check with the Department for Work and Pensions and HMRC that you are on a qualifying benefit or tax credit.

We need evidence that the person applying is responsible for the child, usually through the child being named on a benefits claim. Kinship carers can demonstrate responsibility for a child with a certain legal order, written agreement with a local authority or in certain circumstances, a letter of support from a local authority.

Will they need their partner's information?

Yes if they live in the same household and are:

- married to each other
- civil partners of each other
- living together as if you are married.

What happens if someone's circumstances change after applying?

People need to let us know if their circumstances change at any point. This is to make sure that they are getting everything that they are entitled to. This could include changes to what benefits or tax credits someone gets or where they live.

How will people be paid?

Eligible families will be paid into their chosen account. Best Start Foods will be paid onto a card.

Do these payments affect other benefits?

No, they will not be taken into account for UK benefit and tax credit assessments.
