

Social Security Scotland Management Information

Adult Disability Payment pilot applications

Initial management information indicates that from Monday 21 March to Tuesday 22 March, nearly 250 part 1 applications for Adult Disability Payment had been registered and nearly 100 part 2 applications were received. Part 1 of the application form gathers key personal details of the client, while the client's condition is detailed in part 2 of the form.

This figure is based on management information sourced from Social Security Scotland's case management system. A data cut was extracted on Wednesday 23 March for internal reporting purposes. This data is subject to change and later data cuts from the case management system may include retrospective changes to application numbers for this time period.

As this figure is based on management information, it has not yet been quality assured to the same standard as Official Statistics. A release of Official Statistics on Adult Disability Payment, covering to 30 April 2022, will be released on 14 June 2022.
