## Publication

Papers which contain sensitive information which should not be published must set out the reasons why. The author must identify the relevant exemption which should apply. The exemption should be stated in the section below, with the reasoning for this decision. Please speak to the Data Protection and Information Governance team before submitting your paper if you are unsure which exemption may apply.

1. I am aware that this paper may be published in the public domain and I am content for the information to be published.
2. I believe information in this paper should be withheld from publication and that an exemption applies.

2.1. Please state the exemption and explain your reasoning:

Some comments have been redacted in line with the following exemption (s):

*Freedom of Information (Scotland) Act 2002 Exemptions*

*Exempt as Section 30 (c) -Prejudice to effective conduct of public affairs
