

Executive Advisory Board Freedom of Information (Scotland) Act Exemption Form

The author must complete this page before submitting the paper to the Business Support Office.

Publication

To demonstrate openness and transparency, all governance group papers will now be published on the website of Social Security Scotland. All governance group papers should be written in line with the Writing for Publication Guidance.

Papers which contain sensitive information which should not be published must set out the reasons why. The author must identify the relevant exemption which should apply. The exemption should be stated in the section below, with the reasoning for this decision. Please speak to the Data Protection and Information Governance team before submitting your paper if you are unsure which exemption may apply.

1. I am aware that this paper may be published in the public domain and I am content for the information to be published.

2. I believe information in this paper should be withheld from publication and that an exemption applies.

2.1. Please state the exemption and explain your reasoning:

The only exemption applied to this paper has been to apply section 30c in relation to the information around MAPPA. This update refers to sensitive information regarding vulnerable customers and our approach to this – including our interaction with other government departments. On consultation with the leads for MAPPA in the programme and Agency it was agreed that this information was not in the public domain and was not suitable for release.
