

Executive Advisory Board Freedom of Information (Scotland) Act Exemption Form

The author must complete this page before submitting the paper to the Business Support Office.

Publication

To demonstrate openness and transparency, all governance group papers will now be published on the website of Social Security Scotland. All governance group papers should be written in line with the Writing for Publication Guidance.

Papers which contain sensitive information which should not be published must set out the reasons why. The author must identify the relevant exemption which should apply. The exemption should be stated in the section below, with the reasoning for this decision. Please speak to the Data Protection and Information Governance team before submitting your paper if you are unsure which exemption may apply.

1. I am aware that this paper may be published in the public domain and I am content for the information to be published. ☐

2. I believe information in this paper should be withheld from publication and that an exemption applies. ☒

2.1. Please state the exemption and explain your reasoning:

Exemption 27 Scotland (exemption 22 UK). The information is due to be published in the next 12 weeks and is published by Cabinet Office.

Paper Summary for Website Publication (max 100 words)

The paper outlines Social Security Scotland's results as part of the Cabinet Office-run People Survey that all Civil Servants across the UK take part in. As well as covering the organisation's results, it makes comparison to the wider Civil Service and quotes figures which are not yet in the public domain. These are due to be published by the Cabinet Office in the spring.

Paper authors should write a short paragraph here to summarise the content of the paper.
